

Network Storage Server

FEATURE:

- Embedded system to support 10/100 Ethernet interface for data sharing.
- Built-in Network Attached Storage (NAS) provides extra storage space on your network for backup, storage expansion, file sharing, and data management
- High Speed USB 2.0 interface to serve as an external HDD.
- FTP (File Transfer Protocol) file server support.
- Transparent to users when they connect it to your PC via network cable.
- Easy to manage users by a Web page style Administration UI.
- Light-weighted and compact design with a 2.5" / 3.5" form factor.
- Built-in SAMBA for cross-platform software among various platforms.
- Low-cost NAS.
- Support a low-cost, stand-alone, shareable hard drive for home user, home office, and small office.
- Easy installation.
- No driver needed.
- Share your network bandwidth with all your home or office users to provide Internet access to all your home or office computers
- Hot plug capable, hot swappable, Plug-n-Play
- DHCP client and Static IP addressing support

SPECIFICATION:

- Transfer Rate: 10/100 Ethernet Router
- PC connection: USB 2.0
- Storage Media: HDD Size: 2.5" / 3.5", HDD Capacity: Unlimited
- LED Status: File transfer status, USB access, Power indication
- Operating System Support: Windows®, 98SE, 2000, ME, XP & Mac OS X
- Power Consumption: 12V 3.0A
- Power Connections: AC adapter (included)
- Housing: Plastic
- USB Cable Type: USB 2.0 high speed cable
- USB Cable Length: 6 feet
- Network Cable Connections: 1* RJ/45 Network Port
- Operating Temperature: 0°C~70°C
- Storage Temperature: -20°C~85°C
- Humidity: 90% RH, without condensation.
- Weight: 153g (w/o HDD, cable, adapter)
- Dimension (L*W*H): 150*84*29 mm
